(353) Pre-Admission Screening and Resident Review (PASRR)

Pre-Admission Screening and Resident Review (PASRR) is an administrative program that was mandated by government requirements and requires that all individuals with mental illness (MI) and/or mental retardation/developmental disabilities (MR/DD) who make Level II application must be admitted to a Medicaid-certified nursing facility. PASRR is a two-part program. Pre-admission screening (PAS) refers to the assessment and determination of member eligibility prior to admission to a nursing facility and resident review (RR) refers to the annual evaluation used to determine the necessity to continue services due to a change in condition.

With the implementation of the electronic PASRR claims process, providers can use the 837P transaction and Web interChange to electronically submit PASRR claims and CMS-1500 claim form to submit claims on paper.

Vendor Testing Start Date: May 01, 2005

Production Release Date: July 1, 2005

Impact

837P Evaluation

No Impact. Refer to the [Indiana Health Coverage Programs Provider Manual](#) for billing instructions once implemented.
