

# Companion Guide Upcoming Changes:

834 MCE Benefit Enrollment and

Maintenance Transaction

Hoosier Healthwise and Care Select

Right Choices Program (RCP) Update

## Revision Information

| Revision Date     | Reason for Revisions               |
|-------------------|------------------------------------|
| December 11, 2009 | Right Choices Program (RCP) Update |

| Implementation Date |
|---------------------|
| December 30, 2009   |

## Upcoming Changes

\* Changes indicated in [blue text](#)

Table 3.1 – Health Coverage

| Segment Name         | Health Coverage   |
|----------------------|---|
| <b>Segment ID</b>    | HD  |
| <b>Loop ID</b>       | 2300  |
| <b>Usage</b>         | Situational   |
| <b>Segment Notes</b> | This segment contains the type of record reported for health coverage information. A second situational loop indicates First Steps health coverage, when applicable. An additional loop provides the Hoosier Healthwise Open Enrollment status. |
| <b>Example</b>       | Hoosier Healthwise<br>HD*021**HLT*C6AY100299Y*IND<br>Care Select<br>HD*021**HLT*CSANY*IND<br>Second situational loop:<br>HD*030**HLT*FIRST STEPS*CHD<br>Additional situational loop:<br>HD*030**HLT*O   |
